

LiveWire Insight

Hosting Services

Our hosting services continue to expand exponentially. What started as hosting document management has grown to hosting entire domains; replication servers & backups.

Click [here](#) for our the SaaS hosting benefits!

Microsoft Teams in a Nutshell

This may not be the first time you are hearing of Microsoft Teams (after all, it is what the "cool" kids are using today)! While some firms are preparing for the conversion of Skype for Business, others are exploring Teams to stay connected, exchange fewer emails, and collaborate freely.

If you are a new user or are considering Teams for your firm, we have provided an [FAQ](#) based on the questions we have received and internal use of Teams!

Security Awareness Training

As security awareness training is becoming required by your clients for overall protection, we have partnered with KnowBe4. The KnowBe4 platform includes HR, security, and compliance resources.

Check out the training modules available [here](#)!

We hope everyone is staying healthy and safe during this time.

If you have questions about our SaaS hosting options, Microsoft Teams, or security awareness training, please contact us [here](#) or by phone at **(972) 294-1390**.

*We look forward to
being able to return
to our
on-site visits!*
